IT IMPEGNO PER L'AMBIENTE DI SALON AMBIENCE GROUP

IL FUTURO SOSTENIBILE INIZIA CON NOI!

In Salon Ambience Group, ogni scelta che facciamo oggi è una pietra miliare verso un futuro più sostenibile. La nostra azienda si è impegnata a limitare l'impatto ambientale e a promuovere uno stile di crescita responsabile, integrando la sostenibilità come elemento fondamentale della nostra identità. Sappiamo che ogni piccola azione, ogni decisione quotidiana, può fare la differenza; per questo, miriamo a trasformare il nostro impegno in azioni concrete, ispirando anche i nostri partner e clienti a unirsi a questo percorso.

In cosa ci impegniamo?

› Uso di materiali certificati e sostenibili

Salon Ambience Group utilizza materiali certificati e legno da piantagioni svedesi sostenibili. L'azienda utilizza responsabilmente il legno per preservare gli ecosistemi e produrre in armonia con la natura.

› Efficienza energetica avanzata

Utilizziamo luci LED a basso consumo con sensori di movimento e spegniamo i dispositivi inutilizzati per minimizzare gli sprechi, unendo sostenibilità ed efficienza.

› Riciclo e recupero dei materiali

Riciclamo i materiali utilizzati, dando nuova vita alle risorse e riducendo i rifiuti. I residui di legno vengono riutilizzati per alimentare sistemi di riscaldamento ecologici, riducendo l'uso di combustibili fossili.

› Sostenibilità nei trasporti e mobilità consapevole

I nostri veicoli sono mantenuti efficienti per ridurre le emissioni e ottimizzare il carburante, mentre i conducenti sono istruiti a guidare in modo responsabile.

› Riduzione del packaging e riutilizzo dei materiali

Collaboriamo con i fornitori per ridurre gli imballaggi e riutilizziamo i mobili campione, ottimizzando l'uso dei materiali.

EN SALON AMBIENCE GROUP'S COMMITMENT TO THE ENVIRONMENT

A SUSTAINABLE FUTURE STARTS WITH US!

At Salon Ambience Group, every choice we make today is a milestone towards a more sustainable future. Our company is committed to limiting our environmental impact and promoting a responsible growth style, integrating sustainability as a fundamental element of our identity. We know that every small action, every daily decision, can make a difference; for this reason, we aim to transform our commitment into concrete actions, also inspiring our partners and customers to join this journey.

What are we committed to?

› Use of certified and sustainable materials

Salon Ambience Group uses certified materials and wood from sustainable Swedish plantations. The company uses wood in a responsible way to preserve ecosystems and produce in harmony with nature.

› Advanced energy efficiency

We use energy-efficient LED lights with motion sensors and turn off unused devices to minimize waste, combining sustainability and efficiency.

› Recycling and recovery of materials

We recycle previously used materials, giving new life to resources and reducing waste. Wood waste is reused to power eco-friendly heating systems, reducing the use of fossil fuels.

› Sustainability in transport and conscious mobility

Our vehicles are maintained for efficiency to reduce emissions and optimize fuel consumption, while drivers are trained to drive responsibly.

› Reduction of packaging and reuse of materials

We collaborate with suppliers to reduce packaging and reuse sample furniture, optimizing material usage.
